

Digital Product Passport (DPP)

Franziska Zibold – Policy Officer

DG GROW G4 - Data and Knowledge for Policy, Business and People

Digital Product Passport

Ecodesign Regulation - general

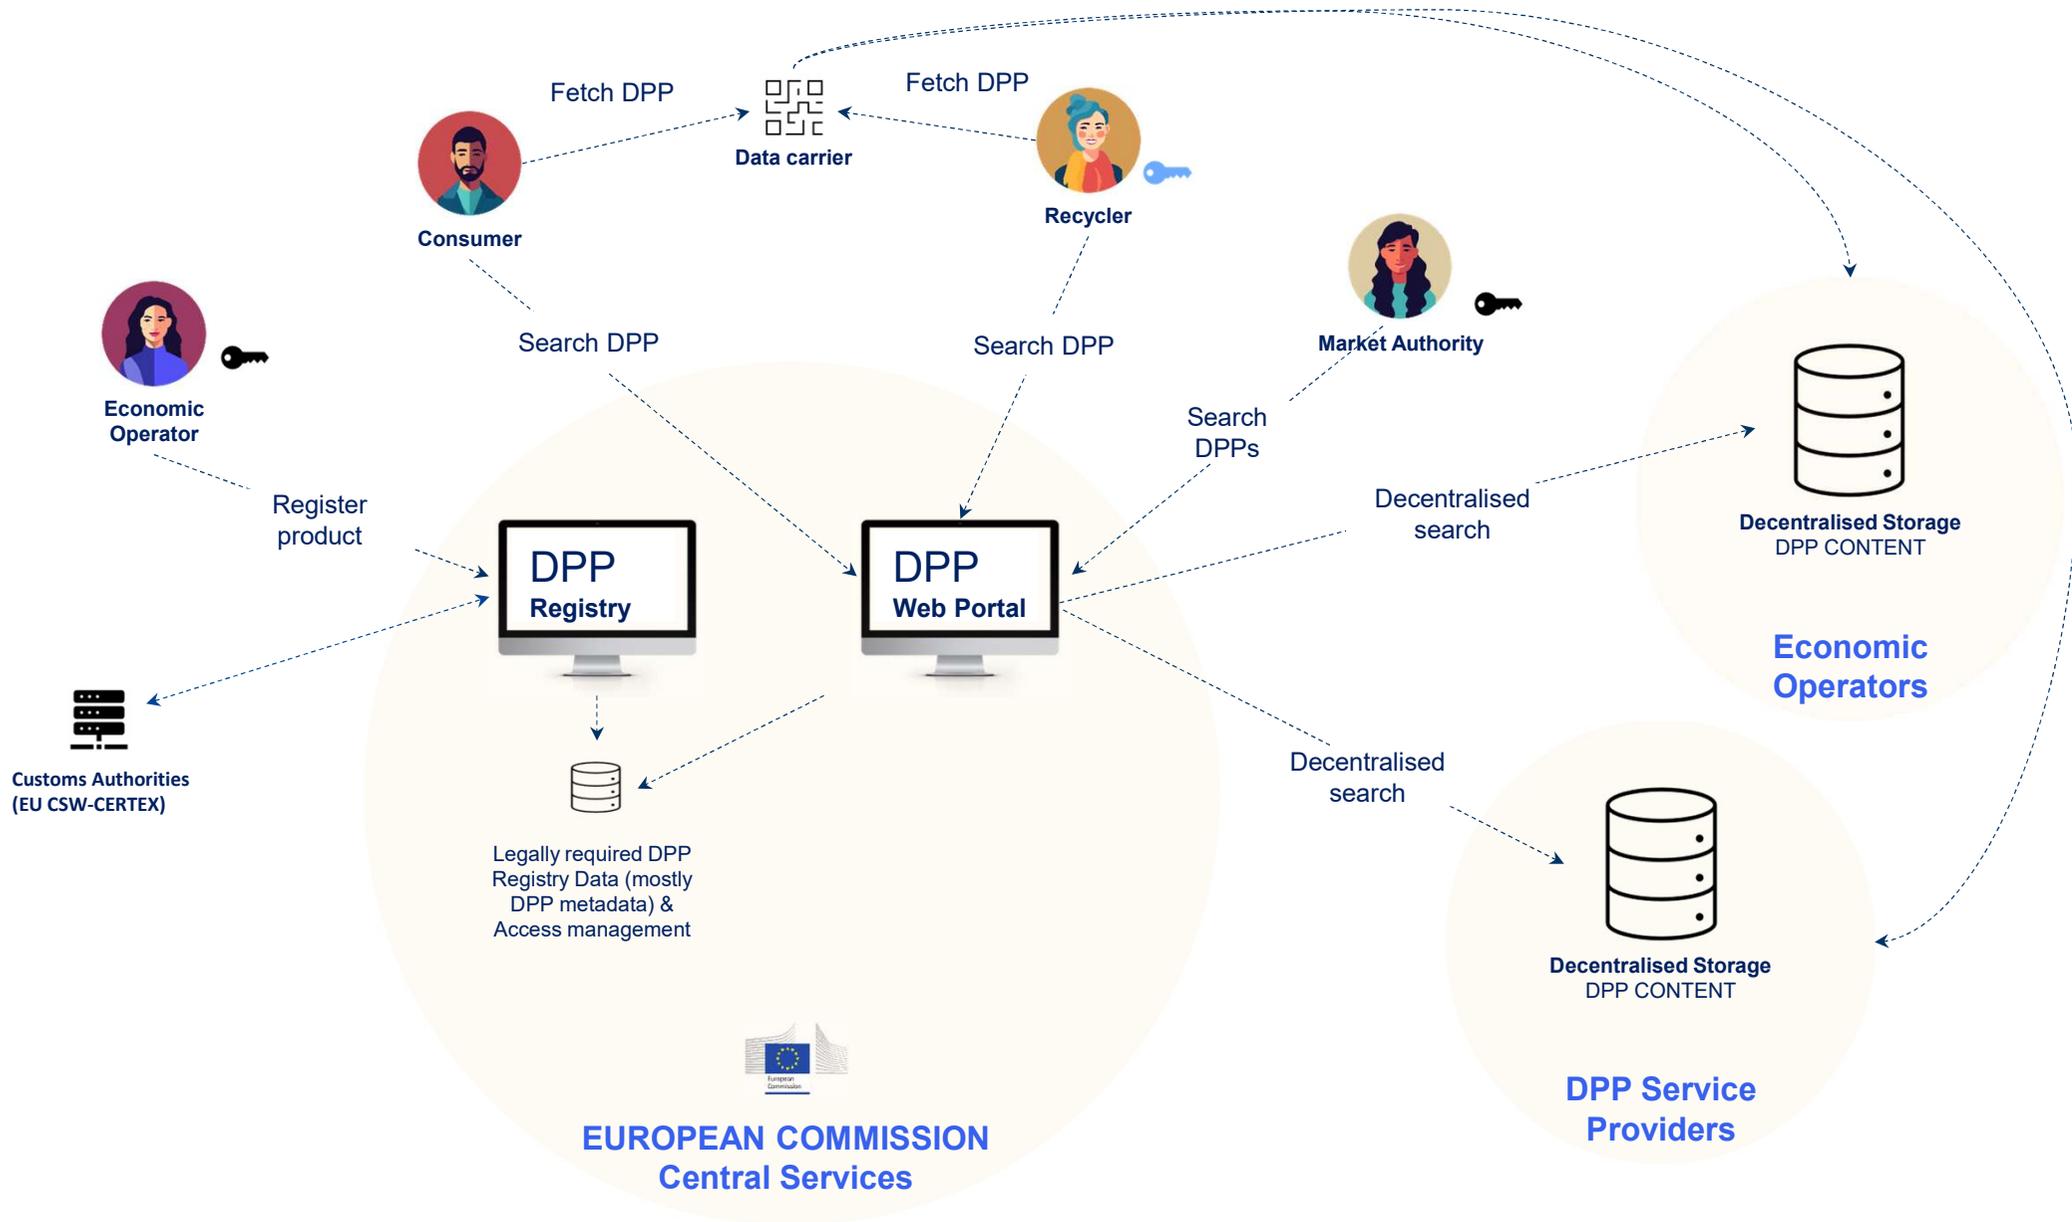

The Ecodesign for Sustainable Products Regulation (ESPR)

- in force since **18 July 2024**
- enables the setting of '**eco design requirements**' – for almost all categories of physical goods (with some exceptions, such as food and feed)
- Strong focus on **product information**

Digital Product Passport

Ecodesign Regulation- DPP

- DPP: **digital identity card** for products, components and materials.
- Main aspects
 - be **user friendly**: access should be free and easy
 - the **data shall be accurate, complete and up to date**
 - **differentiated access** to the data,
 - **any kind of information** can be stored in the DPP, not only the obligatory data
 - DPP should be available for the **lifetime** of the product
- First product category for which the DPP becomes mandatory: certain **big**
